We will not issue a pre paid certificate for children under 12 years of age, unless accompanied by a passenger over 12 years, who must be paid for at the same time and on the same certificate.

Bedding, and utensils for eating and drinking, must be provided by the passengers; and those going to the Canadas, or Western States, must furnish their own provisions from Boston.

In calling public attention to the subjoined list of the Ships which comprise our Boston Line of Packets, we believe that its general reputation *as the first of American Lines* is sufficiently well known and established. The Thousands of Letters which have been sent by American Immigrants to their friends in every part of Europe, have borne ample testimony to the rapid and successful passages made by those Ships, and to the superior Health, Comfort and Safety which their Passengers have hitherto enjoyed. Many of them will be recognized as vessels which have gained the very highest character, by a succession of unusual rapid passages.

Packet Ships which are dispatched in this LINE:

STAR OF EMPIRE,	Capt. BROWN,
WESTERN STAR,	" THAYER,
FRANK PIERCE,	" MARCY,
CHARIOT OF FAME,	" KNOWLES,
PARLIAMENT,	" SAMPSON,

DANL WEBSTER,	" HOWARD,
PLYMOUTH ROCK,	" CALDWELL,
SUNBEAM,	" PUTNAM,

These Ships, when in the Line, sail from Boston as per special advertisement and from Liverpool each week during the year, and are distinguished by a Red Flag with a White Diamond.

OFFICES:

Enoch Train & Co., Nos. 37 and 38 Lewis Wharf, Boston, Massachusetts.
Train & Co., Merchants, No. 5 India Buildings, Water St., Liverpool, Eng.
Train & Co., Passage Office, Nos. 118 & 119, Waterloo Road, Liverpool, Eng.
Train & Co., No. 121 St. Patrick Street, Cork, Ireland.

As Train & Co. have made such arrangements in Liverpool as will PROTECT their friends from the frauds and impositions sometimes practiced there, they believe that those who pre-pay passages cannot but see the advantage of being able to engage with a Respectable House, on favorable terms, for a well known Line of Magnificent Packet Ships, and in this way avoid the disrespect, annoyance and delay which they so often experience, when they engage with Agents who are but slightly connected with transient Ships.

As a proof that their Immigration business is conducted on principles uniformly Honorable and Humane, and that they have been distinguished for the most exact fulfilment of all their engagements, we are permitted to refer to the very Rev. THEOBALD MATHEW, Cork, Ireland.

We also subjoin the following testimonial from the Right Reverend JOHN BERNARD FITZPATRICK, D. D., Bishop, Cathedral, Boston.

(COPY.)

Boston, January 22d, 1849.

"I am happy to testify, from personal knowledge, that the firm of Ship Owners, known in this City of Boston, under the name of ENOCH TRAIN & CO., is composed of gentlemen of tried and acknowledged integrity, and that implicit reliance can be placed in their fidelity to accomplish all that they may promise, to those who have occasion to make any contract with them.

(Signed) † JOHN B. FITZPATRICK,
Bishop of Boston.

This is the only Packet conveyance between Boston and Liverpool, and offers superior facilities for passengers returning home.

These Ships lie at the Liverpool Packet Pier, Constitution Wharf, Boston, when in port, and persons sending for their friends, can go on board and examine their accommodations.

People's Mass State Convention!

AT MADISON, THURSDAY, JULY 13.

ALL MEN opposed to the Repeal of the Missouri Compromises, the Extension of Slavery, and the Rule of the Slave Power, are invited to meet at *Madison, Thursday July 13*, to take such measures as may be deemed necessary to prevent the future encroachments of the Slave Power, to repeal all Compromises in favor of Slavery, and to establish the principle of Freedom as the rule of the State and National Governments. The time has come for the union of all Free Men for the sake of Freedom. There is but one alternative. We must unite and be *free*, or *divide* and be *crushed* by the praetorian bands of the Slaveholders and their Nebraska allies. MANY CITIZENS.

June 9th, 1854.

Papers throughout the State, friendly to the object of the above Call, please copy.

We are indebted to the courtesy of Mr. Wells, of the Chicago *Press*, for slips, containing interesting items of news.

Mass Convention at Madison.

We publish this morning a call for a Mass Convention at Madison on the 13th of July next, to take counsel together and to make effective the settled and growing hostility of the People of this State to the Nebraska Iniquity, as to all further Compromises with Slavery. The day chosen is the same as that fixed upon, for similar objects, in Ohio and Michigan; the Anniversary of the Immortal Ordinance of 1787. The end proposed is one which must commend itself to every lover of Freedom, every hater of Slavery within the limits of our State. We have indeed no State Officers to elect the coming Fall, but there are Members of Congress to be chosen, and a Legislature to elect upon whom will devolve a choice of a United States Senator. The proposed Convention may do much to ensure concert of action in these matters among the friends of Freedom throughout the State, and if it does no more than embody and put in shape Wisconsin's indignant protest against the Nebraska Outrage, it will have accomplished a great and good work. We hope to see, on this occasion, a noble rally of the Freemen of our State, to lift up their voices in earnest reprobation of the foul wrong which has been done to the North, and to put on record their fixed determination henceforth and forever to resist all aggressions of Slavery, and to rebuke and repudiate those Northern Doughfaces who have wounded Freedom in the house of her own friends.

RAIL ROAD UNION.

We stated briefly, yesterday morning, that the negotiations pending for some time past between the Milwaukee and Mississippi and the Southern Wisconsin Rail Road Companies had been brought to a successful and satisfactory conclusion, and we congratulated our citizens upon the prospect thereby held out to them of a speedy Rail Road connection with the South Western region of our State. Ex-Governor Dewey, and Messrs. J. H. Knowlton and J. H. Earnest, who have been in our city for some days past, represented the Southern Wisconsin R. R. Company, and Messrs. George H. Walker, Hans Crocker and Alexander Mitchell, the Milwaukee and Mississippi Road. Mr. A. Finch Jr., the Counsel of the latter Company, and Mr. E. H. Brodhead the Engineer, lent their valuable aid and counsel to perfect the arrangement.

We are glad to learn that the Union of the two Companies has been effected on a satisfactory basis, and everything put in train for the speedy prosecution of the Southern Wisconsin, Road from Janesville West. The work indeed is *done*—upon paper, and it only remains for the parties in interest to carry out the plan heartily and energetically. Milwaukee, never backward in such occasions, will do her share in the premises by subscribing liberally to the stock of the new Road. Our capitalists and real-estate owners, who have grown rich by the steady and rapid appreciation of their lots and lands, should contribute promptly and cheerfully to the same work. Our Merchants and Business men, who will find new fields of profitable enterprize opened to them by this important throughfare, should also lend a helping hand. And the Farmers along the line of the Road, as well as the Business men of the towns and villages through which it is to pass, will find it to their interest too, to give material aid to the enterprize. The Union between the two Companies secures the "right of way", and it needs but Union among the friends of the work to ensure the speedy completion of the Road itself.

A Doughface Dodge.

The Morning *News*, driven to the necessity of offering some apology for the wanton and unprovoked outrage upon the North, involved in the passage of the Slavery-extending Nebraska bill coolly informs its readers that this infamous measure, so far from being hostile to Freedom, is in fact, favorable to it; being really, to quote its own language, the repeal of an act

"Which *authorized* and *required the existence of Slavery* in all the States and Territories south of the line of "thirty six, thirty," and *allowing the people of the States and Territories everywhere to vote for themselves whether they will tolerate Slavery or whether they will reject it.*

The *News* sadly mistakes the intelligence even of its select circle of readers if it supposes that they can be duped for a moment by so shallow and bare-faced a pretence. The Missouri compromise, so far from authorizing and requiring Slavery, south of 36-30, left it optional with the People of the States to be formed South of that line, to establish or prohibit it, as they saw fit.—But it "forever excluded" that accursed institution from the vast regions North of this line. It established the limit beyond which Slavery, in no event, was to be suffered to pass. The Nebraska bill repeals that limit; removes the ancient landmark of freedom; revives with ten-fold fury the "agitation" which had well-nigh sunk to rest, opens the great central plains of Kansas and Nebraska to the tread and taint of Slavery, and for the first time in the history of our Republic makes proclamation to the civilized and christian world that the American Congress looks with equal and impartial eye upon the spread of Slave, and upon the growth of Free Institutions. The Missouri Compromise said to Slavery "Thus far may'st thou come, but no farther." The Kansas Nebraska bill breaks down that time-honored barrier, and gives Slavery free license to enter in and possess the land hitherto consecrated to Freedom. And Northern Demagogues proposed, Northern Doughfaces voted for, a Northern President approved and Northern presses applaud this great iniquity!

Habeas Corpus Case.—We learn that the Federal Officers here intend to take an appeal from the decision of Judge Smith, in the Habeas Corpus case, to the full bench of the Supreme Court, which meets at Madison shortly; and should the decision be affirmed to carry the question to the Supreme Court of the United States.

Horrid Murder on Long Island.—Mr. James Wickham, a wealthy farmer, residing at Southold L. I., with his wife Frances, and negro boy in his service, was murdered on Friday night last by an Irishman named Nicholas Bain, whom he had discharged from his service for some fault.—The murderer killed his victims with a heavy axe and then fled, but was arrested on the following Monday.

Catholic Church at Beloit.—The corner stone of the new Catholic Church at Beloit is to be laid, with the customary solemnities, on Sunday next, the 11th instant. A sermon will be delivered on the occasion by the Rev. Mr. Riordan of this city.

Newspaper for Sale.—Mr. J. L. Marsh, proprietor of the Independent *American*, published at Platteville, Grant Co., offers that establishment for sale at a fair price; possession to be given September next. The *American* is published in a very thriving neighborhood; enjoys a good and increasing patronage, and is quite complete in all the appointments of a good Newspaper and Job Office. Letters (postpaid) addressed to J. L. Marsh, Platteville, Wis., will receive prompt attention.

Personal Intelligence.—The Hon. D. S. Vittum, and Hon. Geo. R. McLane, are in town, having arrived to organize the Lunatic Asylum Commission.—*Madison Democrat.*

These two "Honorable" gentlemen are members of the State Senate. As such, their votes helped to create last winter the offices which they now hold, and to which they were appointed by Gov. Barstow, in direct and flagrant violation of the State Constitution. And such ready apologists of Executive usurpation and Legislative extravagance as the Madison *Democrat* and the Milwaukee *Wisconsin* openly justify this outrage upon the Fundamental Law.

The Madison *Democrat*, whose optics are wonderful sharp to behold things not to be seen, discovers a contradiction between two of our articles relative to Cuba, in one of which we expressed the hope that that Island, if it ever falls into the hands of the U. S. which seems probable, will come not "by force," but by "friendly negotiation and fair purchase,"—and a later one in which we said that the free states were likely soon to be called upon to foot the bill for the purchase of Cuba, for another slave state.

We don't see any contradiction at all in the two articles. Does the *Democrat* prefer that Cuba should be taken by force, rather than purchased, if it must come?

The Southern Wisconsin Rail Road.—The Monroe (Green Co.) *Sentinel*, in strongly urging upon Milwaukee the importance of this connection with South Western Wisconsin, says:

The mineral is now on hand, together with large amounts of other freight, that would make the road a good investment, and paying stock, from the moment the cars were running upon it. And more than this, its proximity to other roads at the south, would enable it to hold a successful competition with them, and secure the northern trade besides.

At Home Again.—We were gratified to meet this morning our friend Kruer, the gentlemanly State Librarian. He has just returned from the East, where he has been purchasing some handsome additions to the State Library.—*Madison Democrat.*

We should like to know how much these "additions" cost the State. The rumor is current that the $3000 appropriated last winter for the increase of the State Library was divided into two parts, and the expenditure thereof entrusted by Gov. Barstow to Mr. Kruer, the Librarian, and Mr. H. T. Sanders, of Racine—the State, of course, footing the bill of these gentlemen's travelling expenses East and home again. Were *two* Agents necessary to select these "handsome additions to the State Library," and could not the selections have been made without the cost of a double journey?

Compliment to Ex-Governor Ramsey.—The return of Ex-Governor Ramsey to St. Paul, after an absence of some months, was made the occasion of an elegant entertainment, proffered by his fellow citizens of Minnesota, in compliment to him, and as an endorsement of the action of the U. S. Senate, in unanimously vindicating his character from the charges made against him thro' partizan malignity. The *Pioneer* describes the Festival as a joyous one, and creditable alike to the guest and the hosts of the occasion.

The Rock Island R. R. Excursion.—The Galena *Advertiser*, of the 7th, records the arrival at that city of the fleet of steamers chartered by the Rock Island R. R. Co. to take their guests to St. Paul. The steamers were the *War Eagle, Lady Franklin, G. W. Sparhawk, Galena*, and *Golden Era*. The following are a few among the notable names of the party, as given by the *Advertiser:*

Ex-Pres. Fillmore, N. K. Hall, Hiram Fuller, Chas. Hudson, Chas. A. Dana, H. J. Hastings, W. Schouler, Edward Bates, Gov. Matteson, of Ill., J. A. Rockwell, Alva Hunt, Roger S. Baldwin, John A. Granger, R. H. King, John C. Wright, Henry T. Tuckerman, Prof. Silliman, Chas. J. McCurdy, George Bliss, A. C. Flagg, Rev. Dr. Osgood, Washington Hunt, John A. Dix, George Bancroft, E. D. Litchfield, J. Stryker, &c., &c.

The German Press on Nebraska.—The Milwaukee *Banner* and the *Volksfreund* have both expressed their gratification at the passage of the Nebraska bill. The rejection of the Clayton amendment obviated all reasons for opposing.—The Democratic portion of the German Press throughout the country are doing the same.—*Madison Democrat.*

Not being familiar with their vernacular, we cannot say how true the above is in regard to the *Banner* and *Volksfreund*, though we doubt the assertion very much. But as to the last statement, we know that it is an erroneous one. We know that the most influential German papers in New York and Cincinnatti lament the passage of the bill. Yesterday we gave an extract from the Manitowoc *Democrat* to the same purpose, and below we give one from the *Pioneer*, a German paper at Sauk City:

We are opposed, *especially* opposed, to the extension of chattel slavery in this country. We have no war to make upon that institution so long as it remains within its own borders. We leave the States in which it now has its loathsome existence to stagger under the burning curse as they may; but, thank God, the fathers of this Republic never did agree that its hot breath might blight and wither into sterility new and free territory; and we say, let that man, whatever his previous party connections, be branded with public infamy, who has aided in the effort to repeal the "Missouri Compromise," from the *fossil-remains* of Douglass down to the poor, creeping cravens, who, "bend the pliant hinges of the knee that thrift may follow fawning."

Withered be the arm and palsied the tongue, that shall be raised in favor of creating slave States, out of any part of the broad territories over which the General Government has control. The beautiful States which are to spring into existence from those territories, should march on to wealth and to greatness, to a far better and nobler music than the snap of the slave driver's whip, and the wail of the mothers in the shambles.

Mr. Eastman and the Nebraska Bill.

The Grant Co., *Herald*, after giving the table of votes in Congress upon the Nebraska Bill, remarks as follows relative to the action of Hon. Ben. C. Eastman, Representative from that district:

It will be seen that our member, Hon. Ben. C. Eastman, played not the Doughface, neither did he act the part of a Judas Iscariot by selling his vote, as it is feared too many Northern members did. We can cheerfully forgive his speech and vote on the Wisconsin and Minnesota Land Grants, which we were careful not to allude to before, because we learned that his remarks knocked the bill cold by certain ungrateful allusions to Milwaukee, although doubtless intended for a contrary effect. We are willing to believe that his course on the Land Grant swindle was honest and intended for the best,—that he was cheated into it by *Barstow and the Balance*, who had represented it as pure metal, whereas a baser piece of coin never came from the bogus mint. There can be no mistake, there were tenfold better inducements offered for votes on the Nebraska Bill, than the friends of the Land Grants ever were able to offer and perform. We therefore are led to believe that Eastman has acted the man throghout. We make these remarks in justification of his course, because we have heard low insinuations made that he had been bought up by the great western Land Grant Companies, and Railroad abortionists; also, that he would be bought into a support of the Nebraska Bill.

The Murray Estate in Grant Co.—The Potosi *Republican* contradicts the story that the large tract of land in Grant County, owned by Mr. Chas. A. Murray, had been sold to a colony from Maine. A gentleman from Maine has been examining the lands, probably with a view to purchase, but no bargain has yet been made.—The *Republican* expresses the hope, however, that Mr. Murray will find it for his interest to offer for sale a part, at least, of these lands, upon such terms as will induce emigrants to purchase and settle.

"Love's Labor Lost."

The elaborate defence of Gov. Barstow's veto of the Emigrant Agency Bill, volunteered by Ex-Speaker Fred Horn—who is indebted to that veto and to the Governor for the well-feathered nest which he now occupies—seems to have failed entirely of its intended effect upon the public mind. Nobody but the "official organ" appears to have been favorably impressed by Fred's argument, or to think any the better of this Emigrant Agency job, because the distinguished gentleman who drew the prize certifies that it is all right. Indeed, the effect of the Ex-Speaker's interference has been, upon the whole, decidedly unfortunate. Hear how the Monroe *Sentinel*, a staunch "Democratic" paper, discourses upon this subject:

The Madison *Argus* contains a long letter from F. W. Horn, late Speaker of the Assembly, who was appointed by Gov. Barstow, Emigrant Agent at New York, in which he endeavors to defend the Governor against the charge of violating the Constitution, &c., &c. This is a matter of course. Mr. Horn is luxuriating in a fat office which the Governor secured for him by vetoing the bill to abolish this agency, and now he finds plenty of time to write letters home to defend the Governor, and the people, the dear people, must foot the bill. This whole affair of the Emigrant Agency as it is now conducted, so far as benefitting the State, *is a perfect farce, an unmitigated imposition;* but it pays well from the people's money. Perhaps Mr. Horn will find room for a private secretary or two, to write letters home, for it will need several more to satisfy the people that he holds his office, either in justice, or constitutionally.—There is something in the whole affair that looks rather suspicious. Mr. Speaker had better write again, soon, for it is the only way that he will benefit the people at all. About two more such letters will pretty effectually show them how they are sold, in this agency humbug.

The Future for the North.

We gave yesterday the first portion of an article from the New York *Courier* and *Enquirer* showing the great change of tone which the passage of the Nebraska Bill has produced in the most conservative journals of the country. Below we give the remainder of the same article, containing many valuable suggestions concerning the future action of the North:

We are well aware that the truth is not palatable, and that we shall be abused for thus proclaiming the naked truth, and calling upon all men of all parties to look it steadily in the face.—But it is our duty plainly to tell our Southern brethren, precisely what is destined to be the inevitable fruit of their recent league with reckless and unscrupulous political demagogues, to repeal a compromise as sacred as that of the Constitution itself, and which constituted in fact, the tenure by which the Institution of Slavery exists in our country. For ourselves, we should be content with, and desire nothing more, than a repeal of the Nebraska fraud, and the re-establishment of all the Compromises; and we shall never give our support to any man for any place, who is not pledged to such repeal. But we greatly fear that the North will not be thus easily satisfied. Every vestige of the Compromise of 1850, and that connected with the admission of Texas, is destined to be swept away, so certainly as has disappeared the Missouri Compromise; and this too, at no distant day. In the Congress which assembles one year from next December, there will not be ten members from the north of Mason's and Dixon's line, who will not stand pledged to use all the means in their power, to punish the authors and abettors of the Nebraska Outrage; and if the Senate dare to resist the will of the People, then we do not hesitate to predict, that every bill containing an appropriation for the support of government, will have appended to it, a section repealing the Nebraska Fraud.

A great outrage has been perpetrated upon the country; representatives claiming to be honest—men claiming to be gentlemen, and actuated by honorable impulses—and reckless and unprincipled Political Demagogues, have united together to perpetrate a great fraud upon good faith, honor and honesty, and openly to disgrace our country in the eyes of the world. They have repudiated the most solemn and sacred compact, and asked of their Northern friends, who have ever stood by the Compromises of the Constitution, to wallow in the same filthy pool with themselves, or submit to become the colaborers of those whose public conduct they have heretofore condemned. This cannot be submitted to. Self-respect and a proper regard for public faith, will eventually drive every Union man of the North to seek redress, where alone good citizens may look for it—through the medium of the ballot box. All other considerations will be absorbed by the paramount determination to punish the men who have perpetrated this great wrong. Parties and individuals will alike lose this identity, and be swallowed up in an unalterable determination to have redress for this great public wrong. To accomplish this purpose, our Whig friends in every Congressional District in the Free States, should at once nominate for re-election the Democrats who opposed the Nebraska iniquity; and in like manner, the Union Democrats in all the Whig Congressional Districts of the North, should re-nominate the Whigs who opposed the Nebraska fraud. In addition, no man should be nominated for the office of constable even, without first being required to pledge himself to use all honorable and constitutional means, to obtain redress for the great outrage so deliberately perpetrated by a band of reckless and unprincipled politicians.

This is the course we advise to be pursued, because we believe it to be eminently just and conservative; and our southern friends may judge of the feelings with which the Union Whigs and Democrats of the North, look upon the Nebraska fraud, when they are ready with one accord, thus to rebuke those who ask them to become a party to an infamous fraud, upon the country, at the expense of personal honor and political honesty.

The line to the Sault is broken up temporarily, the steamer *Queen City* having started her arches, and gone to Buffalo for repairs. The news to that effect was brought by the propeller *Oriental*.

Notice to Quit!—Notice has been served by the authorities of Boston, warning the U. S. Officers to quit the rooms which they have occupied in the Court House in that city. Good, for Boston!

Break in the Canal.—A serious break has occurred in the Illinois Canal. It is 100 feet in length and the embankment is swept away to a depth of ten feet below the bottom of the canal. It is thought that boats cannot pass before the 20th or 25th of this month.

The Election at Washington.— Towers (whig) is elected Mayor by 400 majority over Maury regular dem. The correspondent of the N. Y. *Courier* pronounces the result a great Anti-Administration and Anti-Nebraska triumph and adds:

The Government has expended in money and patronage one hundred thousand dollars. They corrupted and debauched Congress; they could not purchase the people.

We published some time since a statement that cranberries were an excellent remedy for erysipelas. The New Haven *Palladium* says:

"We are able to record another case of the complete cure of erysipelas by the simple application of the raw cranberries pounded fine.—The patient was a young lady, one side of whose face had become so much swollen and inflamed that the eye had become closed and the pain excessive. A poultice of cranberries was applied, and after several changes the pain ceased, the inflamation subsided, and in the course of a couple of days every vestige of disease had disappeared. The case occurred in the family of one of the editors of the *Palladium*, and we can therefore vouch for the truth."

The Humbolt.—This little steamer arrived on Thursday evening from St. Paul. She is about the size, and resembles very much, a large Dry Goods Box with legs in its bottom, standing on a floating plank. The motive power, that propels it, is steam—two small engines, one of which is below on the plank, and the other carried in the side pocket of a particular arrogant and haughty individual, who, no doubt owns a small interest in this burlesque on steamboats. *Hudson Journal.*

The crops throughout the county promise an unusually abundant harvest, this year.—Wheat, especially is about as prosperous as it has room to be—pity that the field are no larger.—*Crawford Co. Courier.*

Poor Nebraska Bill has suffered so much at the hands of editors that we are half inclined to take its part; and would if we could see any virtue in it—but we cannot, so it gets nothing but curses in this quarter.—*Platteville American.*

The Crops throughout the county promise an unusually abundant harvest, this year.—Wheat, especially, is about as prosperous as it has room to be—pity that the field are no larger.—*Crawford County Courier.*

We learn that Mr. Ray, one of the engineers of the M. & M. R. R., has been here for several days negotiating for the right of way for that company.—*Crawford County Courier.*

What Now!

Yesterday, in view of the probable passage of the Nebraska bill, and looking beyond the vote which was to make it a law we asked What then? The vote has been taken; the Nebraska measure has become a fixed fact, and we ask What now?

The compact of 1820 has been annulled; the compromises of 1850, have been thrown to the winds. Every barrier against the advance of slavery has been broken down, and the question comes home to the people of the free states as to what is to be their future action, in view of the events that have recently transpired at Washington? That the Nebraska law will be regarded as a binding enactment, so long as it remains upon the statute book by the people of the north, nobody doubts. They are a law respecting and a law abiding people. But will they suffer it to remain there? This Nebraska measure was sprung upon the people of the north, at a time when they were wholly unprepared for its occurrence.

The Congressional elections were held without the remotest suspicion of the pendency of the events, which have since transpired. Nobody dreamed that questions of such momentous importance would arise during the present sessions. Gen. Pierce was elected without the remotest reference to them. He was regarded as the compromise candidate, and no man for a moment suspected that were he disposed to be a traitor to the sentiment, through the strength of which he became president, that an opportunity could by any possibility be presented for the betrayal of those who carried him into his present position. Had there been in the public mind a conviction that this Nebraska scheme would be before Congress for its action; had that question entered into the last Congressional elections, not ten men could have been returned to Congress from all the north who were not pledged against it. Had it entered into the last presidential election, and General Pierce had avowed his intention to do on this subject what he has done, he would have been defeated by an overwhelming majority.

There is a lesson involved in these events which should be carefully studied and applied in the future by the North. The Northern people should never for a moment hereafter forget that it is through their own lack of caution that the Compromises have been swept away. The South are always vigilant, always on the alert, always ready to take advantage of the carelessness of the North, to push their peculiar institution forward and build up its power, and it was because they saw the North sleeping, because they saw a vain and ambitious President ready to bargain for the succession, because they saw Senators and Representatives whose palms itched for the bribe; that they struck for the abrogation of compacts and the violation of Compromises, when they did. No such opportunity should be permitted to occur in the future. The North should never be found sleeping again. *No man should be elected to any position of importance in the Union or in the free States who is not pledged against the extention of human slavery, and to the repeal of the Nebraska law. No man should be elected to Congress who is not pledged against the admission of another Slave State into the Union.*

The conservative men of the North should take the lead in this matter, for they have been most deeply wronged, most cruelly betrayed. They have suffered most in defence of Southern institutions. They stood by the Constitution when fanaticism attacked with its greatest fury the South, threatening to invade and nullify the guarantees of that sacred instrument. They incurred censure and contumely for their devotion to the Constitution, and their defence of the rights of the South under it.—They suffered reproach at home for their adherence to the Compromises. They were contemned, and persecuted, hunted from office and influence, because they remained firm by those Compromises, which the South have been foremost in sweeping away.

The south have banded together against the north, and for the extension of the institution of slavery. They are unit in all matters relating to that institution. Let the people of the north be true to themselves. Their position is one not of their choosing. Let them unite in favor of free labor and free institutions. Let the north be a unit against the extension of human slavery. Let them use the power they possess, to drive back the aggressive spirit of propagandism. If agitation shall come, let it. The great battle between slavery and freedom, must oneday be fought, and it may as well begin now as any time. If commotion shall follow, if convulsions shall ensue from a union of the north for self protection, then commotion and convulsion be it. If the Union of the states shall be shaken, if the institutions of the country shall be made to rock and reel upon their deep foundations, be it so.

We repeat the position of the north is not one of their own choosing. They are forced to it by their southern brethren, and the responsibility of whatever may ensue, will rest with the south. The glory or the shame of the future, of which the passage of the Nebraska bill is the beginning, will not rest with the north. If the historian shall speak of the dissolution of this glorious Union, and trace its origin to the transactions of the present session of Congress, if he shall have to record the wreck of a great confederacy, while it professed the largest liberty, and the deepest regard for human rights, was wrecked by the madness, the stupendous folly of the propagandists of human slavery.—*Albany Register.*

Ayer's Cherry Pectoral.—Amongst the many nostrums that are daily heralded forth to the public as panaceas for nearly all the ills which afflict humanity, there are, no doubt, many entirely worthless, and others that possess all the merit which is claimed for them. Among this latter class stands foremost the invaluable family medicine, the name of which heads this paragraph. This is no idle puff. We speak knowingly, having tested its efficacy on several occasions within the last year, in our own family. At this season when colds and influenza are so prevalent, we confidently recommend the free use of this preparation. It will be found equally efficacious in diseases of the throat, and in all pulmonary affections.—*Virginia Recorder, Buchanan, Va.*

The Roads.—Teamsters from all parts of the country, tell us how bad the roads are. Beyond Watertown, they are almost impassable. Some of the teams which left the neighborhood of Fox Lake, Beaver Dam, and those vicinities on Monday morning, only arrived yesterday. On the plank, it is also hard going, and the mud flies up several feet. These times are nearly past—another year will remedy the whole. The La Crosse Rail Road, when completed, will clear as productive a track of land as there is in the State and from these parts, from which it now takes teamsters three or four days to travel to Milwaukee, the farmer can start in the morning, come to town, sell his grain, make his purchases, and be back to his supper at home at night. This, to the thinking farmer, must be some hope, and some consolation for dragging his team through the mud.

The Crops.—We learn that the crops all thro' the State, look well, excepting corn, which is likely to be injured by the recent and continued rains; indeed, in some places, the seed is said to be rotting in the ground. The growth of grass is extremely heavy in the northern and western parts of the State, though there will be difficulty in getting to the marshes.

Riot at La Salle!

SEVEN MEN SHOT!

Three supposed to be mortally injured!

Yesterday, news was brought to this city that Capt. Henry Brown, of the Canal Boat Flying Cloud, had had an affray with some Irishmen at Ottawa, which resulted in the shooting of seven of the men; it is supposed that three were mortally wounded. The occurrence happened, we learn, in the following manner:

Capt. Brown's boat was locking at La Salle, when an Irishman came on board and seeing a dog, which was a pet of the Captain's on deck, for some reason or other kicked it off the boat into the water. The Captain was below at the time, and when he came on deck asked who kicked the dog into the water. Upon being pointed out the man, he observed that for two cents he would serve him as he (the man) had the dog. At this the Irishman took two cents from his pocket and dared the Captain to put his threat into execution. The Captain then knocked the Irishman down, it is said three different times, and was on the point of throwing him into the Canal, when the bystanders interfered and separated them. The Captain soon after started for Chicago with the boat.

In the mean time a number of Irishmen, 21 in all, we see it stated, started after the boat in wagons and succeeded in overtaking him at Ottawa. Here the Captain went ashore accompanied by one of his crew, for a team, and was soon afterwards attacked by the Irishmen in a body.—The man with Capt. Brown discharged a revolver at the crowd, which took effect, wounding one man, and then retreated, leaving the Captain alone. Finding his life in danger and no hope of escaping, Captain B. discharged his revolver six times, every discharge, we learn, taking effect on his assailants, six of whom were shot, exclusive of the man shot by his companion, making seven in all—*Chicago Dem.*

Served them right!

The *Menasha* arrived this morning and landed on our dock the largest load of the season. A friend who took the pains to count them, informed us that there were over two hundred.—*Oshkosh Courier.*

Great Sale of City Lots &c.—It is worth remembering that Wall's great sale of lots is to be continued on Monday morning. He has kept the best ones to the last, and those who desire handsome investments in the 1st ward and elsewhere, will do well to be on hand.

The Health of the City---Preserve it.

Under an Ordinance passed Feb. 10, 1848, it is made the duty of the Common Council to appoint annually a Board of Health, and "the Mayor is to be always *ex-officio*, a member of said board, and the said board are hereby authorized to appoint an executive committee, who shall be empowered to transact all the duties incumbent on said board."

In a city like this, it is absolutely necessary that such a board should exist, and the duties of it be strictly fulfilled. The large number of emigrants landed daily, renders it imperative that those who may have sickness or disease upon them, should not be permitted to land without inspection, in fact that at this season of the year *every* boat should be *inspected* before passengers are allowed to land at all. What are our Council doing this year? Is the health of the city never to be guarded? Will the Council forever continue deaf to the appeals and suggestions of the Press? If any member of that august body thinks there is pleasure in writing allusions to their lack of duty, he is mistaken. It is *forced* upon the press, and is a duty, which it was hoped the council by their action would prevent. But when *deaths* of disease, both *virulent* and *contagious*, have taken place, and when there is every reason to believe that those deaths might have been prevented from occurring in a *thickly populated* part of the city, if the Common Council had done their duty, plain language must be used by those who have some hold on the public mind.

The oldest settlers of our city, without number, assert that they have never seen so much filth in the city, as there is at the present time. And that no effort is made to clean it, to rid it of the accumulations of every kind of corrupted matter laying profusely in our streets, gutters, alleys, &c. Whose duty is it to see these accumulations carried off? There is one thing for which the present Council are entitled to much praise, in which they have, to all appearances, done their *duty*, viz. in providing for their *own* comforts in the Council room in the shape of gas lights, and an elevated *woolsack* for the Mayor, who, in the language of the ordinance, is an "*ex-officio* member of the Board of Health," when one is appointed. Let the Common Council remember that the health of the city is as dear to the *outsiders* as their comfort is to the *insiders* of the Council room, and that it is their duty to attend to the one as well as the other.

Great Load.—The steamer *Traveller* arrived yesterday afternoon, bringing 500 passengers, a very heavy cargo of freight and 45 bags of mail.

The *Pacific* was expected in during the night, and will leave for Grand Haven this morning.—The *Traveller* went on to Sheboygan, and leaves for Chicago this morning on her regular time.

For Buffalo.—The handsome as fast steamer *Golden Gate*, Capt Jo. Sherwood, whom every one in Milwaukee, and a good many elsewhere, know as a good seaman and accommodating officer, leaves *this* morning, at 8 o'clock, for Buffalo. Now that the gale has blown itself out, the trip down, will doubtless be a delightful one. The *Golden Gate* lies in the river.

The "Oriental." This splendid new propeller, built this spring at Buffalo, Capt. H. Squier, reached her dock in the river yesterday morning. She started from Buffalo with 700 tons merchandize on board, 220 tons of which is for this city. The *Oriental* lay near the *Edith* in the river, and larger as the latter is, the *Oriental* seemed a full deck above her, being 950 tons register. From some imperfection in her wheel, the O. has not made as good time as might be, but with her powerful engine and splendid mould, she must be a clipper when all is in good trim. She lay at anchor on good holding ground off Twin Rivers, during the gale.

Change of Weather.—After three days of wind and storm and soaking rains, the clouds dispersed yesterday and the sun came out in all his glory. The change of weather was most welcome.

Franchere's Narrative.—A Narrative of a Voyage to the North West Coast of America in the years 1811, 1812, 1813 and 1814, or the First Settlement on the Pacific; by Gabriel Franchere. Translated and edited by J. V. Huntington. Redfield publisher, New York.

We are indebted to our old friend and fellow-citizen Louis Franchere, Esq., for a copy of this very interesting work of his brother. It has been announced at the East long since, and very highly commended, and copies would have been received here for the subscribers several weeks since, but for the delays by railroad. We are glad to see it at last.

The book was published in French, as long ago as 1819, written out from the journal of the young adventurer. When Col. Benton, in his great speech on the Oregon Boundary, in 1846, read from it to prove from cotemporary record that the British had no right to the Columbia river, the author, on hearing it, felt a desire to put his book into an English dress, and we have it before us — He also desired that sundry errors contained in Irving's History of Astoria, should be corrected.—The book is indeed, as the translator terms it, a fragment of our colonial history, saved from oblivion.

It is a lively narrative of the adventures of the whole period included, from the departure from Montreal and New York, comprising the voyage by the Falkland Isles, Cape Horn, and the Sandwich Islands, to Astoria—work and incidents at the colony—the destruction of the *Tonquin*—expeditions to and adventures in the interior—journey overland to the eastward—to the return home by Lake Superior. It abounds in incident, told in a natural manner by the adventurer himself, and is everyway a very interesting addition to the current literature of the day.

Mr. L. Franchere is supplied with copies for those who desire to possess the book.

Disasters by the late Gale.—We learned yesterday afternoon that the schooner *Petrel*, of Chicago, and bound for that port with a cargo of stores and hoop poles, has gone ashore on South Point, and the crew are supposed to be all lost.

The steamer *Fashion* had one of her wheels disabled, and was obliged to throw overboard most of her cargo, consisting of shingles and fish. She was run ashore about 4 miles north of Chicago, in order to save her. The *Tribune* says that she lies high and dry, and will probably be got off, the damage being about $3,000.

Schooner Hagar.—We find the following in the Buffalo *Commercial* of Tuesday, showing that the *Hagar* was not as much damaged as was at first supposed:

The schooner *Henry Hagar*, Capt. Fitzgerald, from Milwaukee, arrived yesterday afternoon, with a cargo of grain. She experienced a gale and heavy sea on Tuesday, and put into Cleveland. Her damage was very slight, a seam or two only being started, and she was put in repair in a few hours.

The Garden City.— The latest accounts by the Queen City on her last trip from the Saut, state that the Garden City is still lying as she was left, hard upon the reef which has apparently pretty well demolished her hull timbers. She however remains erect and submerged only to her main deck forward, her bow being still higher out of the water. Her back is broken and she is bent like a bow. Her smoke stack and machinery present their usual appearance and at the distance of a mile her appearance is not unlike her former self.—*Chicago Journal.*

SPECIAL NOTICES.

Certain Cure for Scorbutic Eruptions, Cutaneous Diseases, Bad Legs, Ulcers and Old Sores.—It is an undisputed fact that Holloway's Ointment is the only one which is in its effect infallible. Cases that the most eminent medical practitioners have despaired of relieving, immediately yield to its curative powers, and when used in accordance with the printed directions which accompany each pot, with Holloway's Pills, the two combined thoroughly eradicate the most pestilential diseases, and leave the sufferer without a blemish.

Who Doubts This?

WE are now prepared to state authentically from proof which we have, that Dr. A. L. Adams' Liver Balsam is the most scientific compound before the public, and is doing the most good. It promises to cure a number of Diseases and fulfills the same. Will not those who have never tested this fact take the time and examine the authentic proof which appears in this paper. If so we will guarantee that they will become patrons of this said Liver Balsam. "Will you do it."

Mexican Mustang Liniment.

This invaluable remedy, in praise of which so much has been said and written, wherever it has been introduced, we are pleased to see it now obtainable in our city. The curative properties ascribed to this article are such as we can readily believe come within the power of some remedial agents to effect. It is recommended for quick, almost electrical effect in allaying pain and assuaging inflammation, giving tone to the nerves and invigoration to the muscles when excited or impaired, and in fact for all those forms of the "Ills to which flesh is heir," that may be reached by external applications.

The reader is referred to the advertisement in the paper for certified statements of its effects on those who, unfortunate in their afflictions, were favored in their possession of so valuable a remedy.

We learn that a gentleman in this city will add his testimony in a case of sprain; this will confer a benefit on many who may be induced to avail themselves of its benefits, only by its having the prestige of a new name. See advertisement in another column.

Important from Texas--Indian War!

CHARLESTON, June 9.

The N. O. *Picayune* contains important news from Texas to the 31st. The threat of the Indians to wage a desolating war against the whites is being carried out. An express arrived at Galveston, which reports 500 Indians under Wild Cat, the noted chief, as commencing a slaughter on the white inhabitants. When about 20 miles west of Victoria, they fell in with a company of 25 soldiers, every one of whom were slain, with the exception of 2. They next attacked a party of traders and citizens, killing 36 of their number, among whom were 30 Mexicans and 6 Americans. When the express left the fighting was still going on fiercely, and the Indians had said they would desolate the whole country on the borders of the Rio Grande. The express rider had his horse shot under him by a ball from an Indian but he succeeded in seizing one of their horses and escaped.

WASHINGTON, June 9.

The *Union* of this morning states that the difficulties between this Government and Spain are not adjusted, and that the policy of the administration is unchanged.

One Day Later.--Arrival of the Arctic.

New York, June 7.

The Arctic reach her dock at 2 o'clock. She brings dates to the 28th.

It is stated that the French army in Turkey will be augmented to 170,000 men.

The protocol has been signed by the representatives of the four powers asserting their intention to maintain the integrity of Turkey.

Austria and Prussia demand the evacuation of Turkish territory.

The Russians were endeavoring to cut off communication between Varna and Silstria.

The combined fleets were still cruising before Sebastopol.

The Greek Bishop had been arrested at Pesth as a Russian emissary, and imprisoned. There were important papers found upon him.

The rebellion in Thessaly is gaining ground.

It was rumored that the Russians being unable to defend the seaboard of Circassia, had evacuated all their positions from Matoma to Anapa, burning all their own forts, after which they returned to Kentz.

The Circassians came down, and took 1,500 prisoners.

[The news below is doubtless that reported by the Niagara.]

One week later from Europe.

ARRIVAL OF THE ARABIA.

DECLINE IN FLOUR AND LARD.

Halifax, June 6.

The steamer Arabia, with advices from Liverpool to the 27th ult., has arrived at this port

COMMERCIAL INTELLIGENCE.

The demand for Breadstuffs continued good at Liverpool during the early part of the week previous to the 27th, when prices declined; but at the close there was a fair demand: The finer qualities of flour being scarce, commanded full prices, but the lower grades declined 6da1s per bbl. The closing quotations are Western Canal Flour, 35sa38s6d, and Ohio and similar brands, 39sa10s. Some extra Ohio and Michigan sold as high as 42s.

Corn had advanced a shade, and was in fair demand at 41a 42s6d.

Lard had declined fully 8s per cwt, and is quoted at 47s. Pork was in fair demand at the last quotation. Beef was firm, and in active demand.

The Cotton market was greatly depressed, and holders manifesting much anxiety to sell: the lower qualities had declined ⅛d., and in some instances, inferior was ⅛d., lower.

The advices from India were unfavorable, and prices of both goods and yarns had largely declined at Manchester.

At London money matters were tighter, but consols had advanced to 89 5-8a89 3 4.

No decisive battles are reported, either from the Danube or the Baltic, and the general intelligence by the arrival, though not of startling interest, is nevertheless interesting.

Silistria was hard pushed by the Russians at latest accounts.

Advices from Vienna say negotiations, looking to an adjustment of the present difficulties between Russia and Turkey, have been again offered.

Liverpool Breadstuffs—Denniston & Co., says in the early part of the week prices were good, but at the close fell off 1s on flour, quotations for western flour 33s 4d@42s.

Wheat—In fair demand throughout, with slight decline from rates current; 12s 9d for 70 lbs for common: in early part of the week higher prices were paid and the advance was lost though market remained firm.

Corn—41.

Provisions—Gordon & Co. report beef free and in fair demand.

Pork—Very fair, with probability of an advance.

Lard has declined.

London Money Market—Increased stringency; consols closed 89¾a89⅞.

London Produce Market—Lard—Western is considerably lower; sales kegs at 50a54s.

New York, June 3.

By the steamer Black Warrior, which has arrived at this port, we have later and interesting news from Cuba.

The Captain-General is raising black troops, and has issued an address, in which he says that the banners of Spain shall continue to wave on the Island, at all hazards. Another address has been issued, ordering lists to be taken of all persons liable to duty, and commands all such to be prepared for an emergency.

Considerable excitement was occasioned on the 24th ult, by a report that a party of Americans had landed at a place called Obovera, about a league west of Havana. Troops were immediately sent to the spot but the report was false.

The Nebraska bill has passed, but the end is not yet. This measure is destined to make a confusion among parties and partizans, that will probably astonish the latter not a little. We have never faltered in the faith that this bill was projected for the purpose of making a president in '56. It will make *one*—but when the votes come to be counted somebody will be disappointed, we guess.—*Crawford County Courier.*

The location is on an elevated plain, giving an excellent view of the Town, "Third" and "Fourth Lake" and the high rolling Praries, fifteen to twenty miles distant, making it one of the most desirable country seats in the whole Western States. Its proximity to the Capital will make it a convenient residence for one doing business in the city or to use for agricultural purposes alone, and for an investment will result in great pecuniary advantage.—The farm is known in and about Madison as the "Gorum Farm." A large part of the purchase money may remain on Bond and Mortgage for a term of years. Any enquiries by mail respecting the above farm will be promptly answered. my16d&wtf LEONARD J. FARWELL.

A WONDERFUL DISCOVERY has recently been made by Dr Curtis, of this city, in the treatment of Consumption, Asthma and all diseases of the lungs. We refer to "Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup." With this new method Dr. C. has restored many afflicted ones to perfect health; as an evidence of which, he has innumerable certificates. Speaking of the treatment, a physician remarks:—It is evident that inhaling—constantly breathing an agreeable, healing vapor, the medicinal properties must come in direct contact with the whole of the aerial cavity of the lungs, and thus escape the many and varied changes produced upon them when introduced into the stomach, and subjected to the process of digestion The Hygeana is for sale at all the druggists' throughout the country.—*New York Dutchman, Jan. 14th.*

NEW YORK;

Its Upper Ten and Lower Million.

BY GEORGE LIPPARD.

Author of "Washington and his Generals," "Jesus and the Poor," "Nazarine," &c.

THIS is the best work ever written by Lippard; one continued scene of excitement from the commencement to the end. Those who have read Dumas' Count De Monte Christo, or the Wandering Jew, we are under the impression, will find this the most interesting work that has issued from the press for some time.—*Enquirer.*

GEORGE LIPPARD'S GREAT WORK—*New York; Its Upper Ten and Lower Million.*—Novel readers will be perfectly delighted with this work. The incidents delineated in this work are of the most interesting character. We should not be surprised if the demand for it should exceed that of "Uncle Tom's Cabin."—*Times.*

NEW YORK; ITS UPPER TEN AND LOWER MILLION.—A new work, by the gifted son of genius, George Lippard.—We have read it. It is a novel of most thrilling interest—such an one as having been commenced, you will sit up all night to finish. It is a book we would like everybody to read. It is the work of genius, and the emanation of a heart keenly alive to the wrongs and outrages, the "superstition of gold" imposes upon nine tenths of the human race.—*Cleveland Plaindealer.*

PATENT MEDICINES.

Mexican Mustang Liniment.

DURHAMVILLE, N. Y., December 12, 1851.

Messrs. BRAGG & Co.:—

GENTS:—Although a stranger to you, I am not to your most valuable medicine called Mexican Mustang Liniment. One year ago, I became afflicted with an enlargement of my knee joint; also a weakness which disabled me almost from using my limbs at all. I called on a physician in Syracuse—(the name could be given)—he examined it and told me to bathe it with warm water, and rub it two or three times a day, and it might go off without much trouble; if not, to call again. Some weeks passed, and it grew no better. I then called on another doctor at Oneida Depot; he told me nothing would help it but blistering and lancing. I could not consent to this, and called on Drs. C. & T.; they gave me a mixture of indigo, calomel, &c. I tried this and it did no good. I then used five or six dollars worth of a liniment that had been recommended to me. All of those medicines I have been using for the last ten months, thorough, and according to directions, without the least possible good resulting from it. I then obtained some of your Mexican Mustang Liniment; the first bottle, a 25 cent size, I perceived straightened my joint. I am now using my fourth bottle, and my knee is nearly well. Yours, in haste,

HIRAM FIELD.

HUNTSVILLE, N. C., November 23, 1853.

Messrs. A. G. BRAGG & Co.: GENTLEMEN—Having been afflicted with the rheumatic pains for the last four years, and happening to meet with your advertisement in the papers, I came to the determination to give it a trial, as I had tried nearly every popular remedy without effect. I am now happy to say to you, that the Mexican Mustang Liniment has entirely cured me. I applied three fifty-cent bottles on my limbs, and am now as free from pain as I ever was in my life. My case was so strange to the people in this section, my friends are perfectly astonished at the effects of the Liniment. You are at liberty to make this public if you desire to do so.

With much respect, SAMUEL A. DAVIS.

Lumbago, Salt Rheum, Tetter, Eruptions, Ringworms and Piles, are cured in a very short time by applying the Mustang Liniment according to directions given with the bottles.

BROKEN and CAKED BREASTS, SORE NIPPLES, PILES, ERUPTIONS, and CORNS on the feet, are easily cured by a thorough application of the Mustang Liniment for those complaints.

☞ The following is but a small synopsis of what the Mustang Liniment will cure:

One bottle, 50 cent size, is warranted to cure the Scald Head.

One to two 50 cent bottles will cure the Salt Rheum.

One 25 cent bottle will cure the Caked Breast.

One small bottle is a certain cure for Sore Nipples.

One to three dollar bottles is warranted to cure the worst case of Rheumatism in any form, and one 50 cent bottle will cure any case of recent standing.

One to two small bottles will cure the Neuralgia.

One bottle, 50 cent size, will cure the severest Burn or Scald.

One dollar bottle will cure the Spinal Disease.

One small bottle will cure the Piles in any stage of the disease.

One to two 50 cent bottles will cure the Scrofula, in any case.

One small bottle will cure Chapped Hands.

Two to four bottles, 50 cent size, used in connection with the recipe for "Old Sores," accompanying each bottle, is warranted to cure the severest cases of Old Sores, commonly called Fever Sores on the legs or shins, that have resisted all other treatment.

One dollar bottle will cure the Ring Bone, Splint or Scratches in horses.

One dollar bottle will affect a permanent cure of the Spavin, Sweeny or Poll Evil.

One 50 cent to a dollar bottle will cure all cases of Galls, Chafes, Fresh Cuts and Lameness.

A beneficial effect is always experienced from the first application and a perfect cure is warranted when used according to directions.

CURE OF SALT RHEUM OF TEN YEARS STANDING.

A lady residing near Lynn, Osage Co., Mo., had the Salt Rheum on her head during the last 10 years, causing pain and torment. Six weeks ago it assumed a very dangerous character, spreading all over her head and face in the most frightful manner, so much so that her life was despaired of. She tried every remedy her doctor could prescribe but all to no effect. One of her neighbors recommended the Mustang Liniment as the last resort. Accordingly a bottle was procured and used as directed; the result was an immediate relief, and an entire cure in four weeks after commencing the use of the Liniment. Here are her own words to us a few days since:

"I never expected to see so many pleasant and happy days as I have since I used your renowned Mustang Liniment. If the prayers of an afflicted woman can benefit you, then I freely bestow mine. I used about four bottles of your Liniment and am now as well as I could wish for."

PRICES.

It is put up in bottles of three sizes, and retail at 25 cents 50 cents and $1 per bottle. The fifty cents and one dollar contain 50 and 100 per cent more Liniment in proportion to their cost, so that money is saved by buying the larger sizes.

For sale by A. G. BRAGG & CO, sole Proprietors.—Principal office, corner of Third and Market streets, St. Louis and 304 Broadway, N. Y.

☞ THE MUSTANG LINIMENT is sold at all of the Drug Stores in Milwaukee, and by storekeepers and druggists generally all over the State of Wisconsin. Principal Wholesale Agents in Milwaukee—Lake & Hopkins, Seth Johnson, Jr., Bosworth & Son, H. Fess, Jr, and A. F. Clark

☞ Remember the 50 cent and $1 bottles are much the cheapest. Ask for A. G. BRAGG & CO'S. MEXICAN MUSTANG LINIMENT. ap22

Caution!

To Those Who Use Spirituous Liquors Either as a Beverage or Medicine!

WOLFE'S

Schiedam Aromatic Schnapps.

THE ABOVE NAMED PREPARATION has become extensively known throughout the length and breadth of the United States and is universally admitted to be the most delightful, healthful, invigorating, and pure preparation of the juniper berry, that science and a long practice in the distillation and preparation of pure liquors have ever succeeded in producing

A long established manufacturer and importer of liquors of every description, the undersigned devoted himself to the production of an article of pure gin, which should prove a valuable agent in the cure of the manifold diseases which afflict the human race, and for which Holland gin has been prescribed by the medical faculty for years. At length his efforts were crowned with success, at his extensive distillery in Schiedam, Holland, from which place the purest gin has long been imported, and he was enabled to give to the world his Schnapps, which, for purity and entire freedom from the pernicious fusel oil and all other noxious ingredients, and delightful aromatic flavor, has never been equalled, and cannot be excelled.

In order to protect himself from pecuniary loss at the hands of cheats, impostors, and pirates, who would unquestionably attempt to palm off a vile and spurious article upon the unsuspecting community, and, like the wolf in sheep's clothing, prey upon their very vitals, he resorted to the expedient of importing and selling his Schnapps only in pint and quart bottles.

These bottles are of glass, stamped with the name of the manufacturer; are corked and sealed, and have printed labels bearing the signature of Udolpho Wolfe upon them. They are enclosed in colored wrappers, also bearing his signature, in which form alone they can be obtained in cases, containing two dozen bottles each.

Notwithstanding all these guards, unprincipled parties have been found guilty of the unwarrantable and criminal practice of buying up empty bottles, filling them with vile common gin, which is the most pernicious poison with which a community was ever cursed, and sends thousands to a wretched drunkard's grave yearly.

It is only necessary, therefore, for those who purchase the article by retail, or drink it at public places, to mark well the appearance of the bottles from which they drink. Caution is necessary.

The Schnapps have been introduced but about two years but in that brief time their virtues have been acknowledged to an almost incredible extent, until it is a matter of some difficulty to keep up a supply adequate to the demand, so fast are orders pouring in from every State and Territory in the Union, from Maine to Oregon and California.

Determined that the virtues of the Schnapps should be thoroughly substantiated by the most undeniable and unquestionable testimonials, circulars were dispatched to every regular member of the medical faculty, and professional chemist whose name could be obtained, soliciting their acceptance of a bottle of the Schnapps, with a view of enabling them to test its medicinal qualities in their practice, and submit it to the strictest chemical analysis in that laboratories.

Of the ten thousand physicians and chemists in the United States about four thousand accepted the offer. Upwards of two thousand have promptly furnished their written endorsement that the article is all that is claimed for it, and in the strongest language recommended its general use, not only as a remedial agent, but a delightful, harmless, and pleasant beverage. These voluntary endorsements are from gentlemen of unquestionable knowledge and the most perfect science.

Nor alone have practitioners and chemists furnished their testimonials. The public press, in almost every principal city and town, has spoken boldly in its favor in its editorial columns.

The New York Medical Gazette and Journal of Health, high authority, has repeatedly proclaimed its excellency. In the July number of that journal, Dr. Resse, its accomplished editor, has publicly invited a discussion upon the subject of the use of alcoholic mixtures, medicinally, in his widely circulating columns, and the views of the medical faculty in reference to my Schnapps in particular, giving an assurance that they should be spread before the public. Physicians, therefore, who have not already complied with my request to forward me their opinion as to its qualities, will oblige me by doing so through the editor of the Medical Gazette.

Were it necessary to do more than simply state this fact which he who runs may read, this advertisement could be increased to an indefinite length by the publication of these authorities, all on file at the ware rooms of the proprietor, in New York.

It is not only as a remedial agent that the Schnapps are to be recommended, but as a gentle and perfectly harmless stimulus, which cannot be otherwise but healthful and invigorating, and may be indulged in with impunity by those of temperate habits, without the slightest fear of the baneful, mournful, and horrible consequences of intoxication—that vice which desolates the social hearth, entails misery upon countless thousands, fills our hospitals, almshouses, and prisons, and even furnishes the gallows with its deadly fruit.

In countries where pure wines and liquors can be had readily, and for a mere trifle, they are freely used by all classes, and drunkenness is hardly known—that vice to which the couplet of the immortal poet so aptly applies:

> "A monster of such hideous mien,
> That to be hated, needs but to be seen."

Were Wolfe's Schiedam Aromatic Schnapps to be drank in preference to all other distilled or fermented liquors, our temperance societies would have less arduous labor to perform, and Horace Greely, Gough, Barnum, and the other learned, eloquent, and devoted friends of total abstinence, would rarely be called on to ascend the rostrum, and cause thousands to listen with "an attent ear" to the great and startling truths they relate with such fervid and impassioned eloquence. There need be no Maine law to suppress intoxication.

As long as men and women will persist in drinking drugged, adulterated, poisoned liquors, with which the country is flooded, drunkenness and all its concomitant evils must exist. We may well exclaim with Cassio—

> "Oh, that a man will put an enemy into his mouth
> To steal away his brains."

In many districts of this country, particularly in the region of the great western and southern rivers, the character of their waters is such as to produce great disorganization of the system, and frequently chronic disorders of an incurable character, the enumeration and specification of which would be a matter of supererogation to all those who reside in the districts specified. When qualified with the Schnapps, the bane is neutralized or destroyed. The fact has become known at the South and West, and the Schnapps are used to the extent of thousands of bottles daily. Their great recommendation is their undeniable and well established purity, which can be proved by chemical analyzation of the contents of any and every bottle bearing the above enumerated evidences of genuineness. The proprietor solicits the most rigid tests, and defies any person or persons to prove to the contrary, or to produce an equally pure extract of the juniper berry or Holland gin.

The public are again reminded that Wolfe's Aromatic Schiedam Schnapps can only be procured in pint and quart bottles, stamped, labelled and corked, and in colored wrappers; with the signature of the proprietor affixed; and that the word Schnapps belongs exclusively to my medicinal beverage. All others are counterfeit.

MILWAUKEE MUTUAL FIRE INSURANCE COMPANY.

Office 185 East Water Street.

Capital over $165,000—in Cash and Premium Notes

THIS Company offers unrivalled facilities for the Insurance of Buildings and Personal Property against fire. The advantages offered, are security beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2600 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. Its business is principally confined to this State.

Read the following from Messrs. A. McClure & Co., wholesale and extensive dealers in Drugs, Medicines, &c.

ALBANY, July 27, 1852.

This is to certify, that on the 23d day of July, 1852, our entire Stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c., was consumed by fire; so rapid and severe was the fire that we were unable to close one safe until Mr. Pohlman subsequently entered at the peril of his life and closed the doors.

After forcing the safe open after all this exposure and fire, which made us so careful for the safety of its contents, its valuables were found uninjured.

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.

A. McCLURE & CO.

ALBANY, Dec. 19, 1852.

This is to certify, that on the 7th day of May, 1851, I purchased of J. McB. Davidson, No. 7, single flange Safe, and that the same was subjected to a severe test on the 15th of December, 1851. After the fire was extinguished, its contents (books and papers,) were examined, and found to be perfectly preserved—not a leaf of my books being scorched.

P. J. CLAASSEN,
Importer of Wines, Cigars, &c., Broadway, Albany.

After an examination of P. J. Claassen's Safe and papers, we are convinced of the superiority of Davidson's Safes over all others.

NOTICE.

On Wednesday, Oct. 14th, I shall have the Pedigree and Terms for the season of the Comet Morgan Horse (lately brought from Vermont by me) printed and bound, ready for those wishing the use of him the first season, to enter their names. Season to commence the second day of April, and end the 31st day of July. He is limited for the season at fifty-two mares, two of them my own. It is claimed by those owning the Black Hawk Stock that stands so high in Vermont, that the *original* Black Hawk was sired by the Old Sherman Morgan, the grand sire of my horse. If so, the same cross blood can be raised in this State, and at a far less expense than to import them from Vermont; that was one reason for my bringing Comet Morgan West. His pedigree is fully authenticated.

We have had one of Kidder's Patent Gas Regulators in use for over two months, and as the best evidence of our complete satisfaction, we give below an abstract of our Gas Bills for the past three months.

January, no Regulator............	$132.40
Februrry, with Regulator...........	77.10
March, with Regulator:..........	66.90

All the above difference should not be attributed to the use of the Regulator, but we are confident that *it has diminished our Gas Bills from twenty-five to thirty-three per cent,* and at the same time afforded us a clear and steady light at a uniform pressure, independent of the number of burners in use. PATENT MEDICINES.

CHERRY PECTORAL,

For the rapid Cure of
COUGHS, COLDS, HOARSENESS,
BRONCHITIS, WHOOPING-COUGH,
CROUP, ASTHMA, AND
CONSUMPTION.

Among the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyment, and even prolong the term of human existence, none can be named of more real value to mankind than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures affected by its use, but we would present the following:—and refer further enquiry to my American Almanac, which the agent below named, will always be pleased to furnish free wherein are full particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R. R., S. S. Aug. 4, 1853.

J. C. AYER. Dear Sir,—My little son, four years old, has just recovered from a severe attack of malignant Scarlet Fever; his throat was rotten, and every person that visited him, pronounced him a dead child. Having used your CHERRY PECTORAL in California, in the winter of 1850, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a tea-spoonfull every three hours, commencing in the morning, and by ten o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the Throat and Lungs I believe it the best medicine extant. A feeling of the deepest gratitude prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world.

I am yours, with great respect,
J. D. POWELL., Supt. Trans., L. R. R.

Rock Hill, (Somerset Co.,) N. J., July 21, 1852.

DR. J. C. AYER,—Since your medicine has become known here, it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it, is not too much for the good it has done. I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers.

Please send me a further supply, and believe me

Yours, with respect, JOHN C. WHITLOCK.

P. S. Almost any number of certificates can be sent to you, if you wish it.

Windsor, C. W., June 26, 1852.

J. C. AYER, Sir: This may certify that I have used your Cherry Pectoral for upwards of one year, and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overstate my convictions when I tell you it is a priceless remedy.

Yours very respectfully,
D. A. McCULLEN, Attorney at Law.

Wilksbarre, Pa., Sept. 28, 1850.

DR. J. C. AYER. My dear Sir,—Your medicine is much approved of by those who have used it here, and its composition is such as to insure and maintain its reputation.—I invariably recommend it for pulmonary affections, as do many of our principal physicians.

I am your friend,

THE ROAD TO HEALTH!

HOLLOWAY'S PILLS.

These Pills being composed entirely of medicinal herbs are of a most harmless nature, while the extraordinary virtues they possess have rendered them universally popular in nearly every part of the world. The immense success they have met with throughout the States is most extraordinary, owing, it is presumed, to their wonderful efficacy in the cure of Billious complaints and disorders of the Liver and Stomach. Persons who presevere in using them in accordance with the directions, seldom fail in being restored to health.

WEAKNESS AND DEBILITY,—RESTORATION TO HEALTH OF A GENTLEMAN, AGED 45, WHEN AT DEATH'S DOOR.

Copy of a Letter from the Rev. Charles Smith, dated Norton, St. Philips, near Bath, Somersetshire, 17th August, 1853.

To PROFESSOR HOLLOWAY,

Sir,—A Mr. JOSEPH PUXTON, formerly a resident of this place, had been in a declining state of health for upwards of three years, gradually wasting away to a shadow by nightly perspirations and want of appetite, which caused great uneasiness to his friends, as he had consulted various medical men in Bath, without effect. He at last used your Pills, and under providence was restored to health by their means. He lately emigrated to New York, and has just written to say, that he was never better in health, and desired me to acquaint you with the circumstance. I ought also to mention, that my wife had derived great benefit from the use of your Pills.

I remain, Sir, yours respectfully,
CHARLES SMITH, Dissenting Minister.

A PERMANENT CURE OF A DISEASED LIVER, OF MANY YEARS' DURATION.

Copy of a Letter from Mr. Gamis, Chemist, Yeovil, to Professor Holloway.

Dear Sir—In this district your Pills command a more extensive sale than any other proprietary medicine before the public. As a proof of their efficacy in Liver and Billous Complaints I may mention the following case. A lady of this town with whom I am personally acquainted, for years was a severe sufferer from disease of the Liver and digestive organs; her medical attendant assured her that he could do nothing to relieve her sufferings, and it was not likely she could survive many months. This announcement naturally caused great alarm among her friends and relations, and they induced her to make a trial of your Pills, which so improved her general health that she was induced to continue them until she received a perfect cure. This is twelve months ago, and she has not experienced any symptoms of relapse, and often declares the your Pills have been the means of saving her life.

I remain, Dear Sir, yours truly,
July 23d, 1853. (Signed) J. GAMIS.

MEDICATED INHALATION.

A NEW METHOD.

A MOST WONERFUL DISCOVERY has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man.—It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N. Y., Dec. 20th, 1853.

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffering for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

CONSUMPTION CURED.

NEW YORK, Dec. 27th, 1853.

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city, my health was very poor; had a very bad cough, raised a great deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life.—Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it. JOHN WOOD.

PROFESSOR WOOD'S ORIENTAL SANATIVE LINIMENT.

THIS LINIMENT is not the mere creature of some old recipe, gotten up without knowledge or skill, and then presented to the world as a *sovereign balm for every wound,* and a cordial for every ill to which poor humanity is subject, but it is the result of long and faithful study, and is only submitted after testing its wonderful medicinal virtues in thousands of cases where every other accessible remedy had failed, and hence the proprietor can say with all confidence, that no intelligent person who once sees its effects will ever be without it. It will be observed by all that this Liniment, so pregnant with medicinal virtues, is a concentration of oils and other vegetable substances; and hence when applied will not evaporate even in the smallest degree, and must penetrate to the seat of the disease, if that be possible, being perfect nonsense to claim (as most humbugs do) that it will penetrate throughout universal organized matter and enter the very bones.—But, instead of this, he will proceed to lay before the reader a plain, candid statement of facts.

1st. This Liniment is a valuable auxiliary in the treatment of some of the most formidable diseases with which it is our lot to contend; for instance, Inflamation of the lungs and bowels. By a thorough and continued application of this Liniment over the region of the affected organ these otherwise formidable diseases are at once disarmed of more than half their terrors, particularly among children, and thousands of mothers, were they allowed to speak would, with all the eloquence of feeling and affection, bear their united testimony to the fact that it had snatched their children from the very jaws of death, and restored them to all their former health and beauty. Again—it will be found a powerful auxiliary in removing what is generally known as Ague Cake, or an enlargement of the spleen; indeed, in all cases where an external application is of service, this Liniment will be found useful Again—Ringworm, Tetter, Neuralgia, swelled and stiff joints, Contracted cords, Bruises, Sprains, Galls, Wounds, Cuts, &c., have all been cured in an incredibly short space of time, by the use of the ORIENTAL SANATIVE LINIMENT. It also cures Scrofula, King's Evil, Foul Ulcers, and is applicable wherever an external remedy is required to reach the affected part. And for horses and cattle, for Windgalls, Ringbones, Sweeney, Spavins, Pole Evil, Fistules, Sprains, Galds, Bruises, Cuts, &c., the proprietor is satisfied that no remedy was ever offered to the world equal to it.

ST. LOUIS, March 28, 1854.

This is to certify that we have, for some months past, used Prof. Wood's "Oriental Sanative Liniment," both up on our men and horses, and we have no hesitation in saying, that, although we have used many, if not all, of the popular liniments of the day, this is decidedly the best we have ever used, and all who use it will more than realize their most sanguine expectations of its wonderful effects.

The Only Certain Remedy!

FOR THE CURE OF SECRET DISEASES, at 112 Wells Street. By the strict system established at the LOCK HOSPITAL, 112 Wells Street, all patients are secure of absolute privacy. The advantages of this system are too well known to need any comment. All who have need of advice or attention from Dr. D. may confide in him with a full assurance of secrecy, and certain hope of recovery. Some of the most learned and famous men of the country have been under his charge—men of genius, intellect and power—and in no instance has the strictness of privacy been violated.

Invalids must be cautioned against the illiterate and unlearned in science, who do so much injury by quackery and imposition. The Vegetable Medicines of Dr. D. are now fully established, as the only certain remedy for venerial complaints, and those who are afflicted with such complaints, are seriously warned not to tamper with them by trusting those who practice the abuse of mercury and balsam.

Dr. D. freely invites all troubled with disorders to call upon him. His charges are regulated by the circumstances of the case. No charge will be made where a cure is not effected. Dr. D. is a regular physician, having devoted many years to the exclusive study of these diseases, comprising, in their various shades, gonorrhoea, syphilis, impotency, all diseases of the bones, &c. Nothing needed but call upon him, to make every thing [illegible] ment. Such is the absolute efficacy of the method [illegible] that no question can possibly exist about it, when once an individual becomes acquainted with the wholesome and certain process. It is but for a man to say he is afflicted, and see himself cured.

The greatest point for the consideration of every body is to avoid all communication with persons unqualified to give them relief. Serious and dangerous consequences ensue, more than the world is aware of, from the treatment of quacks and impostors.

The Greatest Discovery of the Age.

PROFESSOR WOOD OFFERS FOR SALE A perfect HAIR RESTORATIVE. It will in a short time restore the Hair which has become gray permanently to its original color—bring it out where it is gone, and arrest it where it is falling off—clean the head of the dandruff and itching—removes all cutaneous eruptions, and renders the scalp perfectly healthy by restoring the secretive organs to their original vigor and strength, and thus supply nutriment and coloring matter to it. It does not color the hair, but is, in short, a perfect Hair Invigorator and Tonic—in proof of which he will select from among the mass the following Certificates, viz:—

STATE OF ILLINOIS, }
CARLYLE, June 27th, 1853. }

I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely gray, but by the use of his "Restorative," it has resumed its original color, and, I have no doubt, permanently so. SIDNEY BREESE.
Ex-Senator United States.

VINCENNES, Ind., June 15, 1853.

Prof. O. J. Wood—Dear Sir:—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state, for whomsoever it may concern, that I have used it and known others to use it—that I have for several years been in the habit of using other Hair Restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head of dandruff, and with one month's proper use, will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring either the hands which apply it, or the dress on which it drops. I would, therefore, recommend its use to every one desirous of having a fine color and texture to hair. WILSON KING.

ST. LOUIS, June 23, 1853.

Prof. Wood—Dear Sir:—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months since, very gray, and after using two bottles of your Hair Restorative it assumed its original color; and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied that those who use it will not regret it, as it gives the hair not only its original color, but it gives it the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.

H. L. STEWART.

The following certificates speak for themselves, as the gentlemen whose signatures are attached, are known to thousands:—

ST. LOUIS, September 20, 1853.

Dr. O. J. Wood—Sir:—I have used nearly two bottles of your Hair Restorative, and have found its effects very satisfactory. It has entirely destroyed all dandruff from my head and has restored my hair to its original color, which had become quite gray. WM. TRUESDAIL.

St. Louis, September 29, 1853.

Dear Sir: By the advice of a friend of mine, who had been using your Hair Restorative, I was induced to try it, discovering, to my great astonishment, that my friend's hair, which, when I last saw him before, was very gray, had been completely restored to its original color, having as fine glossy appearance as it had w[illegible] twenty years ago.

I commenced using the Reste[illegible] weeks ago, and am perfectly convinced that it will produce the desired effect, it having restored the [illegible] hair, more than half of which was white, to precisely the same it was when I was twenty years old, with the same healthy and glossy appearance. I have no hesitation in recommending it to my friends and the public generally, believing that if used according to directions they will not be disappointed. Yours, very respectfully,

N. B. HOLMAN.

BLISSFIELD, June 10, 1853.

Prof. Wood—Dear Sir: Since you request me to give you a statement of the effects of your wonderful Restorative upon me, I cheerfully state, in reply, that I have now used three bottles of it; and although my hair when I commenced its use was a silvery white (my age being sixty-five,) in one month's time it had resumed precisely its original color and so perfect that my friends all thought I looked twenty years younger than usual, and scarcely knew what to make of what they considered a perfect miracle, until I informed them it was but the result of an invention of yours called Hair Restorative. I will also state that I was much troubled with dandruff and itching, particularly when in perspiration; but it only required three or four applications to remove all dandruff and itching; and although my hair had fallen off until I was somewhat bald, I now have as fine a head of hair, both in color, softness and lustre, as I had when but a youth, and quite as abundant. It is proper for me to state that I commenced its use in August last, and used none since January. I have no doubt therefore but what the change is a permanent one; I can therefore recommend it as the most wonderful discovery of the age in which we live. S. M. RANDALL.

Extract of a letter from R. Thorn, Sheriff of La Sall county, Illinois:

OTTAWA, Ill., August 21, 1853.

Prof. O. J. Wood—Dear Sir: Yours of June 21st, accompanied by a bottle of your Hair Restorative, was received. I very soon thereafter commenced using it, and it has entirely restored my hair to its natural youthful color.—There is considerable inquiry for the article, &c.

DR. A. L. ADAMS' NEW CURE FOR DISEASE is awakening the inquiry in the minds of all who read it. How is it that Americans have been so long and so lavishly immured in darkness and ignorance on the subject of disease.

DR. A. A. ADAMS' LIVER BALSAM.

The great Panacea of Disease is offered to the afflicted of the States and Territories for the entire cure of Liver Complaints in all stages, Bilious Fever, Ague and Fever, Chronic Lung Fever, Dropsical Affections, Coughs, Consumption, Asthma, Jaundice, Bowel Complaints, Diarrhoea, Dysentery, Rheumatism, Piles, Scrofula, Salt Rheum, Dyspepsia, General Debility, Nervousness, Costiveness, Indigestion, Female Complaints, &c.

Adams' Liver Balsam now sustains the highest reputation of any remedy before the public and has proved to the most skeptical, beyond a shadow of doubt that it is the only reliable medicine ever discovered! QUEEN'S PATENT

PORTABLE
FORGE
AND
BELLOWS.

THIS FORGE can be set where most convenient for light and room, and the smoke conducted to the Chimney by a Pipe.

There are six sizes of Blacksmiths, Coppersmiths, &c. Forges, and five sizes of Jewelers, Dentists and Chemists.

It is compact—the Twier Iron is of a superior construction—heats the iron in the quickest manner—the wind escapes from the hot-air chamber through several holes in the Twier cap, which being under the fire, prevents the Twier from getting filled up with coal and ashes, as it will where there is but one opening. For out-door work and for safety in-doors, this Forge has great advantages over others, having two Slides by which the Forge can be closely shut up, and for safety and many purposes in-doors, (particularly for Jewelers, Dentists and for chemical operations,) all the fumes from charcoal and acids being conducted through the smoke-pipe, or when open they are entirely out of the way; it is also so constructed that fire or water cannot injure the Bellows, which is in the cylinder under the fire bed.

It is the best Forge for Contractors on Railroads, Public Works, (for making repairs on the same,) and for emigration to new countries, ever offered to the public, and are successfully used by most of the Steamers and also by the U. S. Army and Navy.
